

KM Industrial Corporation Ltd.

Quality Products | Prompt Service | Trustful relationships

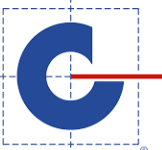

Trusted Supplier of Industries for Over 25 years (Since 1989)

An ISO 9001:2008 Company

Trusted Supplier of Industries Since 1989

JAS-ANZ

ISO 9001:2008
CERTIFIED

We are **ISO 9001: 2008** certified and meet international quality norms. We serve customers across 25+ countries

Quality Products | Prompt Service | Trustful Relationships

Our Values that guide us in our business

“Quality Products”

We are a leading supplier of 1,00,000+ products across 50+ Brands dealing in Low Voltage Switchgears, Electric Motors, Instrumentation, Luminaries, Automation Drives, Spares and Others.

“Prompt Service”

Our 25+ years of experience and in-depth market knowledge helps us to source wide variety of parts and spares efficiently. We work with leading logistic providers to ensure timely and reliable delivery to our customers.

“Trustful relationships”

We put trust at the forefront of all our actions. Our customers trust us more than they love us. This has led us to have decade long relationships with many of our customers.

Our Product Categories

Low Voltage
Switchgears

Electric Motors

Automation

Instrumentation

Luminaires

Other Spares &
Miscellaneous

Low Voltage Switchgears

We have a wide range of low voltage switchgear items that provide centralized control and protection of low voltage power equipment and circuits in industrial, commercial and utility installations involving generators, motors, feeder circuits and transmission and distribution lines.

Range of Products

- Contactors
- Relays
- Switches
- Fuses
- Circuit Breakers (MCB, MCCB, MPCB, ACB)
- Push Buttons, Fuses and Lights and Miscellaneous

Brands we work with

L&T | ABB | Siemens | Schneider | Eaton Bussman | G&E | C&S

Quality Products | Prompt Service | Trustful Relationships

Contactors

Whether it is motor control, capacitor switching, supply changeover or any other single phase or three phase application, you can always be assured of finding a perfect solution in our extensive range of contactors. Solutions are available for every application like motor starters, agriculture pumps, genset applications, street lighting and switching to alternate source of supply, DC applications etc.

Highlights

- Power, Control and Mini contactors
- Capacitor duty contactors
- Low VA consumption
- CE marked and IEC approved
- Easy inspection and replacement of coils and contacts
- Robust design

We are happy to be associated with Bayer Material Science High tech Polymer plant

Quality Products | Prompt Service | Trustful Relationships

Circuit Breakers (MCB, MCCB, MPCB, ACB)

In 1923 Hugo Stotz invented the first miniature circuit breaker. MCBs protect installations against overload and short-circuit, warranting reliability and safety for operations.

Highlights

- Complete range of ABB, Schneider, C&S and other brands available
- Multiple varieties available – 1 Pole, 2 Pole, 3 Pole and 4 Pole
- For all applications - Domestic, commercial and industrial installations
- Multiple Breaking characteristic from 10kA to 70kA
- Various tripping characteristics – B, C,D, K and Z
- Comply with various international safety norms
- All varieties of MCB, MCCB, MPCB ,ACB available

For detailed technical specifications, please visit www.kmic.in

Electrical Motors

We provide complete range of reliable and high efficiency motors and generators. Our products are available over a wide range of operating parameters and enclosures and comply with all internationally accepted standards. We supply to multiple industries like marine, power plants, food processing, oil and gas plants etc.

Range of Products

- Induction Motors
- IE2, IE3 Energy efficient motors
- High Voltage and Low Voltage Motors - AC & DC
- Generators/Alternators – AC & DC
- Traction motors
- Synchronous motors

Brands we work with

ABB | Crompton & Greaves | Kirloskar | Siemens

Customer

We take pride in working with Essar Steel Plant

Quality Products | Prompt Service | Trustful Relationships

Automation

We provide automation products for diverse industries and applications including water, building infrastructure, data centers, renewable energy, machinery automation, material handling, marine and more.

Range of Products

- AC and DC Drives
- PLC
- CPU
- Softstarters
- Power Supplies
- Plug in Relays
- Inductive Sensors
- Limit Switches

Brands we work with

ABB | Siemens | Schneider | Allen Bradley

Softstarters

Softstarters increase a motor's lifetime by protecting it from electrical stresses. They come with many motor protection features and optimize starting currents that with conventional starting methods put lots of stress on the motors.

Highlights

- Cover motor applications from 3A to 1800 A
- Fast and easy to install
- Comes with application specific features like Torque control and pump cleaning
- Three phase controlled

For detailed technical specifications, please visit www.kmic.in

“We have been working with KM Industrial Corporation for the last 8 years. The **immense technical knowledge** of Mr Lakhotia has helped us to achieve our objectives at **reduced costs**. Not only have their suggestions helped us to install quality electrical switchgear at cheaper costs, their prompt response have also **reduced our breakdown time.**”

--Neeraj Goyal

Happy customers make us happy!!

Instrumentation

Our products ensure safe and reliable operations in the plants. We provide the entire range of Yokogawa and Honeywell instruments to enable accurate measurements. Our range of Positioners provide superior controllability and maintenance ability thus reducing plant operation costs.

Range of Products

- Transmitters (Pressure, Temperature, Flow)
- Pressure Gauges
- Positioners
- Analysers

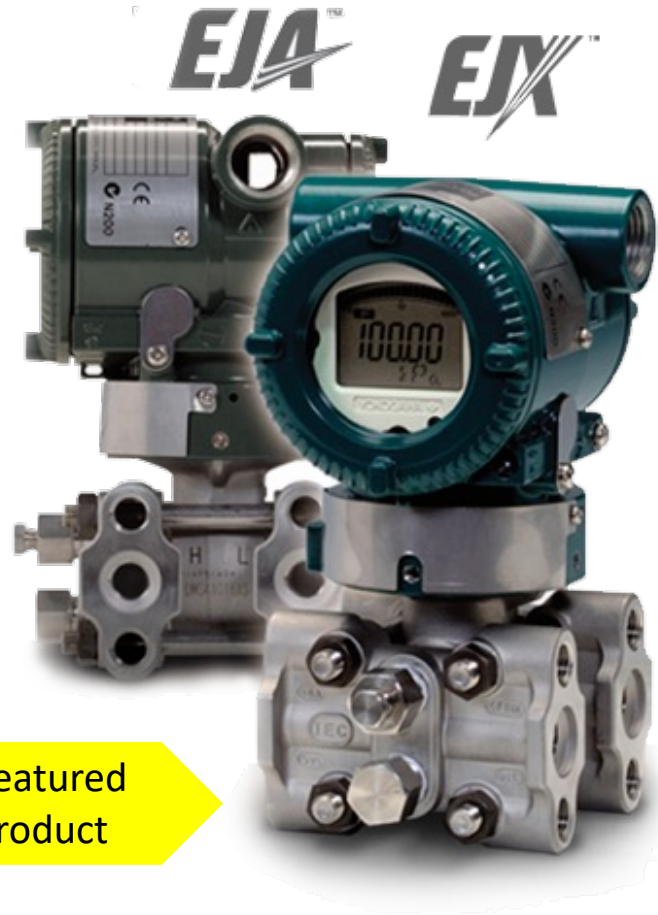

Brands we work with

ABB | Honeywell | Yokogawa | Siemens | Emerson

DPharp Pressure Transmitters (Yokogawa)

DPharp series offer high performance and high reliability for any application. It also has exceptional Mean Time Between Failure.

Highlights

Increased Reliability

- Rugged Construction provides long life
- Fast Response Time
- Prevents plant shutdowns

Simplify Maintenance

- Advanced Diagnostics
- Certified to meet IEC61508
- LCD Display

Enhanced Operations

- Digital Sensor provides stable measurement across all pressure and temperature conditions

“Dear Mr Atul Kindly accept our grateful thanks for the **good quality of the products** you sent and we are looking forward to have a very good businesses with you company this year. Many Thanks.”

--En. Ihab Amara Egypt

Happy customers make us happy!!

Luminaires

Lighting enhances human experience. We provide energy efficient indoor and outdoor lighting products from various brands.

Range of Products

- Indoor Luminaries
- Flood Lights
- Street Lights
- LED Lighting

Brands we work with

Havells | Philips | Bajaj | Crompton Greaves

Miscellaneous Items

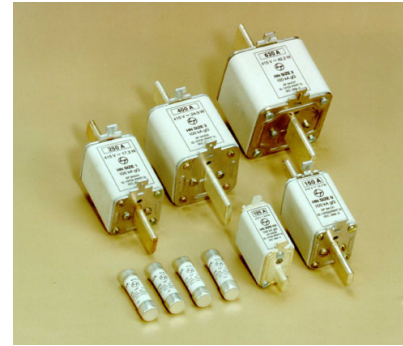

Bearings

Cable Glands

Fuses

Push Buttons

Lugs

Control Transformers

Carbon Brush Holders

Cable Jointing Kits
